

CRG | Health Disparities Collaborative Research Group

- *Term: 01/01/2017 – 12/31/2017*
- *Grantee: OCHIN, Inc.*
- *Sub-recipient: University of California, San Francisco*
- *Funding Agency: PCORI*
- *Grant Number: #CDRN-1306-04716*

The focus of the Health Disparities Collaborative Research Group (CRG) is to build a network of collaborators focused on disparities research, provide expert subject support to the PCORnet Front Door, and work internally and with other CRGs to build and execute research projects that address disparities in healthcare. This CRG will also provide the PCORnet Data Committee with recommendations for enhancements to the PCORnet Common Data Model (CDM) to better support research in health disparities.

Potential Impact

This group aims to promote health equity for vulnerable populations by advising on and generating proposal concepts that are of value to our patients, providers and communities.

Lewis Raynor, PhD, MS, MPH
Principal Investigator

Mitch Lunn, MD
Principal Investigator
